"When you eventually see through the veils to how things really are, you will keep saying again and again, this is certainly not like we thought it was." ~ Rumi

**EARTH IS FLAT**

Samuel Birley Rowbotham

"The Earth is an enclosed plane, centered at the North Pole and bounded along its outward edge by a wall of ice, with the Sun, Moon, planets, and stars only about 3,000 miles above the surface of the Earth (4,800 km), and the Glass Firmament at about 3,100 miles (5,000 km), only about 100 miles away from the Sun and the Moon."

Below is a screenshot from a video taken from a camera aboard the U-2 launched on October 24, 1946. It shows a little bit longer view of the horizon. The published picture above, was cropped to show a shorter horizon than is depicted in the video.

# THE GLOBE LIE

You are spinning 1000 mph  
You flying through space 66,000 mph  
You are upside down and rightside up  
You are in an endless universe  
The Sun is 92M miles away and is nuclear  
The Moon is 250K miles and can be landed on  
The atmosphere is stuck to Earth as it spins  
There are billions of Earth-like planets  
The Sun is the same as the stars  
Stars are trillions to quintillions of miles away  
We could be struck any moment by a meteor  
You are accidental and a product of stardust  
You are a product of evolution
