

Vaccination is a barbarous practice and one of the most fatal of all the delusions current in our time. Conscientious objectors to vaccination should stand alone, if need be, against the whole world, in defence of their conviction.

"Hey Doc, If vaccines don't cause autism, why do vaccine-makers list it as a possible side effect in their warnings?"

VACCINES... SO AWESOME, SAFE, & EFFECTIVE THEY MUST BE FORCED ON PEOPLE

WHILE THOSE WHO MAKE & PUSH THEM REQUIRE LEGAL IMMUNITY FROM BEING SUED FOR ANY INJURIES OR DEATHS THEY CAUSE.

Truth Hits corruptvaccines

They'll start with mandatory vaccination.

Then they'll have mandatory blood and organ donations.

Then they'll have mandatory genetic modification of parents supposedly to prevent childhood illnesses.

Then they'll have mandatory sterilization for the poor and disabled.

And then they'll have mandatory euthanization for the ill and elderly.

All for the greater good.

Vaccines have "not been evaluated for carcinogenic or mutagenic potential, or for impairment of fertility."

WHY NOT?

Firstly there must be suspicion or probability that the substance is a carcinogen, mutagen or reproductive toxicant. Secondly, it must be of sufficient amount to make a toxic dose. None of the ingredients in vaccines match these criteria.
